

National Spanish Exam/Contest

I am going to register Spanish students for the National Spanish 2014 contest. The exam will be administered between the days of March 1-April 10. It will take place during class time. This is a contest, therefore, it is optional. Registration will end on January 10,2014.

There are four sections in the contest:

1. Vocabulary
2. Grammar
3. Reading Comprehension
4. Listening Comprehension

The website is: Nationalspanishexam.org

I will show the students the website in class and where to go to practice. There is a huge amount of vocabulary that they are expected to know when taking this exam. This is much more than is covered for level I.

If the computer lab is available, I will stay after school for practice sessions. These sessions will be posted on the calendar and on my board.

I would like to take the National Spanish exam

_____ (students name)

Parent signature _____ (required)
